VALENTINE GOLDEN GHANEM

Principal Biomedical Scientist | Epidemiologist | Public Health Researcher

Accra, Ghana · +233 55 637 0039 · valentineghanem@gmail.com

www.valentineghanem.com · ORCID 0009-0002-8332-0220

PROFESSIONAL PROFILE

Ghanaian medical laboratory scientist, epidemiologist and public-health researcher with more than a decade of experience across diagnostic medicine, laboratory quality and public-health practice. Principal Biomedical Scientist at Cocoa Clinic, Ghana Cocoa Board. Research interests include infectious-disease surveillance, spatial epidemiology, health inequities and applied machine learning.

PROFESSIONAL REGISTRATION AND MEMBERSHIPS

- Professional epidemiology registration: Epidemiologist A, Vereniging voor Epidemiologie (VvE), Netherlands · Reference 1637 · Registered 22 September 2026.
- Medical-scientist registration: CORU, Ireland · MS 063958.
- Medical-scientist registration: Allied Health Professions Council, Ghana · 09007815.
- Professional bodies: Fellow, Royal Society for Public Health (FRSPH), 140437; Academy of Clinical Science and Laboratory Medicine (ACSLM), 12474; Ghana Association of Medical Laboratory Scientists (GAMLS), AS 1206.

EDUCATION

- MSc Public Health · University of Suffolk · Merit · 2026. Focus: communicable-disease epidemiology, health-systems strengthening and public-health surveillance.
- MSc Data Science · University of East London · Distinction · 2025. Dissertation research applied machine learning to infectious-disease trends in Ghana.
- Master of Laws (LLM), International Law · Liverpool John Moores University · In progress; expected December 2026.
- BSc Medical Laboratory Science · University of Ghana · 2013.

AWARDS

- Unicaf Africa Prize for Academic Excellence

Associated with MSc Public Health, University of Suffolk; award name reported by YEN.COM.GH.
Source: YEN.COM.GH

- The Industry of the Future Award

University of East London Alumni Achievement Awards 2026. · 15 October 2026
Official UEL announcement

VALENTINE GOLDEN GHANEM

Biomedical science · Epidemiology · Public health

PROFESSIONAL EXPERIENCE

Principal Biomedical Scientist — **October 2024–present**
Cocoa Clinic, Ghana Cocoa Board · Accra, Ghana

- Leads clinical laboratory workflows, quality assurance, equipment oversight and result validation across diagnostic services.
- Connects laboratory practice with surveillance interpretation, team development and public-health decision-making.

Senior Biomedical Scientist — **June 2020–October 2024**
Cocoa Clinic, Ghana Cocoa Board · Accra, Ghana

- Supervised clinical laboratory shifts and supported diagnostic validation, internal quality control, staff development and ISO 15189 accreditation preparation.

Biomedical Scientist / Medical Laboratory Technologist — **July 2015–June 2020**
Cocoa Clinic, Ghana Cocoa Board · Accra, Ghana

- Performed diagnostic testing in haematology, chemical pathology and microbiology; supported instrumentation, SOP development, biosafety and external quality assurance.

Volunteer Biomedical Scientist — **June 2014–July 2015**
Life Medical Mission · Accra, Ghana

- Supported diagnostic testing and mobile community screening.

Biomedical Scientist Intern — **July 2013–August 2014**
Korle-Bu Teaching Hospital · Accra, Ghana

- Completed clinical rotations across haematology, chemical pathology and microbiology; supported quality and safety documentation.

SELECTED PEER-REVIEWED RESEARCH

- Spatial and Machine Learning Analysis of District-Level Health Insurance Inequities in Ghana · Cureus, 2026 · https://doi.org/10.7759/cureus.101984
- HIV Prognosis in Sub-Saharan Africa: A Narrative Review of Mortality Trends, Structural Determinants, and Policy Implications · International Journal of Medical and Health Research, 2025 · https://doi.org/10.61424/ijmhr.v3i2.346
- Socio-Behavioral and Spatial Determinants of HIV/AIDS Incidence in Ghana: An Ecological Cross-Sectional Study with Explainable Machine Learning · Advances in Infectious Diseases, 2025 · https://doi.org/10.4236/aid.2025.154050

RESEARCH AND PRACTICE AREAS

Clinical laboratory science and quality systems · infectious-disease surveillance · spatial epidemiology and GIS · health inequities · machine learning and explainable AI · health information systems · reproducible data analysis · community screening and public-health practice.
